

Senior Operator

Silicon Valley Clean Water

\$10,051.60 - \$13,468 monthly (\$57.99 - \$77.70/hour) depending on qualifications & experience.

2% certification incentive pay available; benefited position.

Represented by International Union of Operating Engineers, Stationary, Local 39

SUMMARY

Under general direction of an Operation's Supervisor, acts as shift leader in an assigned area. The Senior Operator performs a broad range of skilled and semi-skilled duties associated with the operation and preventative equipment maintenance of a modern activated sludge wastewater treatment plant. The position is assigned a shift that rotates every four (4) months. The Senior Operator provides leadership and training to Operators.

Every employee appointed to a position at SVCW shall serve at the will and pleasure of the appointing authority, SVCW.

THE IDEAL CANDIDATE

- All SVCW employees shall work safely.
- Assists in the coordination, scheduling, and review of the operation and routine preventive maintenance of the wastewater conveyance and treatment facilities during an assigned shift.
- Operates pumps, valves, and other equipment through SCADA, hand controls or mechanical means; monitors equipment function.
- Leads operational activities in accordance with established procedures, regulations, and safety requirements; provides direction to Operators and organizes work on shift.
- Provides operators with ongoing technical and safety training.
- Inspects plant equipment and facilities for proper operation; assists in locating and troubleshooting plant malfunctions and initiates work orders in SVCW's Computerized Maintenance Monitoring System (CMMS).
- Reviews daily plant records to ensure compliance with established operating conditions and parameters.
- Regulates process controls in accordance with the SVCW Process Control Management Plan.
- Reads, records, interprets, and acts on information taken from instruments.
- Makes increasingly complex operating adjustments.
- Prepares oral and written reports.
- Writes new and revises existing Standard Operating Procedures, Operation and Maintenance Manuals, Contingency Plans, and other procedures.
- Orders chemicals; processes and verifies invoices and billing for utilities, chemicals, and supplies
- Verifies invoices for grease and septic receiving.
- Collects data and keeps records; maintains logs (E-Logger software); prepares reports, performs data entry (HACH WIMS).
- Participates in emergency response.
- Receives and assists other Senior Operators and Operators with skill step training and safety training.
- Uses common hand and power tools. Drives motor vehicles on SVCW and public roadways.
- Safely enters and works in confined spaces and assists the SVCW Confined Space Rescues Team.
- Performs "Lock Out Tag Out" on equipment to be repaired.
- When necessary, acts as a first aid responder. Performs a variety of other duties as assigned.

Interpersonal Effectiveness

Effectively work in a collaborative organization focused on continuous improvement; establish and maintain a positive customer service attitude and effective working relationships with internal and external customers; demonstration of strong two-way communication skills, including the ability to listen, explain and facilitate; ability to ask for input; offer help without being asked; accept suggestions; work with others to solve problems; and provide recognition and encouragement; ability to address co-workers needs; identifying issues and concerns, exploring solutions and implementing improvements.

MINIMUM QUALIFICATIONS

- High School Diploma or an equivalent certificate or diploma recognized by the State of California.
- Three (3) years' experience as a certified operator in a municipal wastewater treatment plant required
- California Grade III SWRCB Wastewater Treatment Plant Operator certificate required.
- Valid California Class C Driver's License and an acceptable driving record as defined by SVCW's Driving Eligibility Standards required.
- Obtain certificate in CPR and basic first aid
